

CEDARS-SINAI MARINA DEL REY HOSPITAL

CONSTRUCTION UPDATE

What to expect

Construction of the new hospital will begin in October. Cedars-Sinai will provide updates on upcoming construction activities via the following communications:

- Quarterly Flyers—A high-level look ahead at construction activities impacting the community.
- Monthly Flyers—A summary of what to expect each month as construction plans take shape.
- Flash Flyers—Periodic updates with details of work impacting the community, such as a lane closure.

October-December 2021 Work Activities

Phase 1: October-December

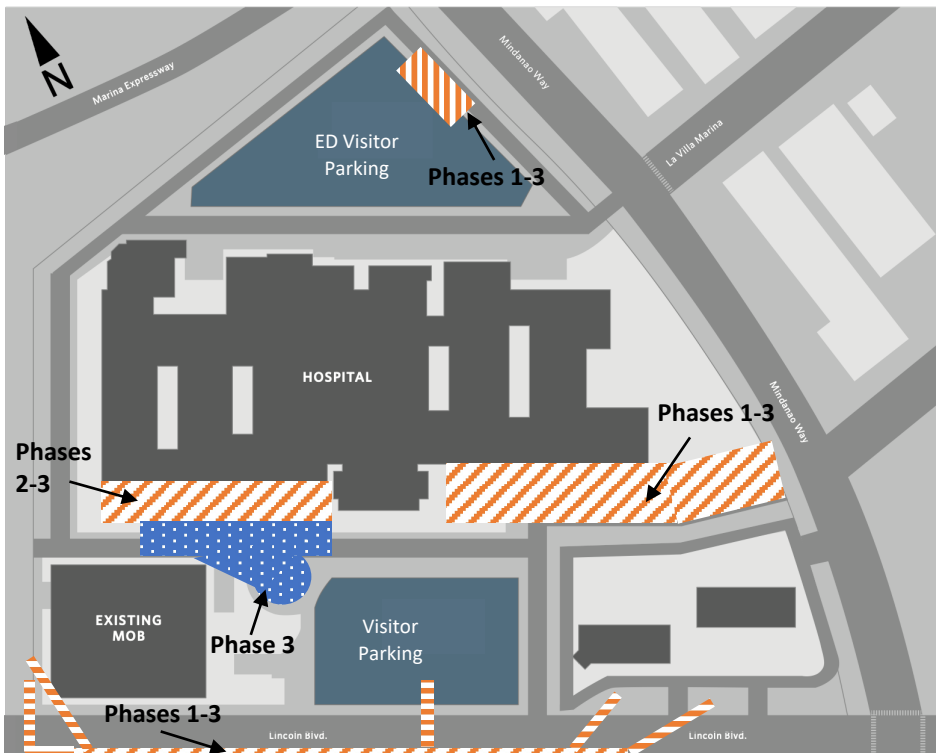

- Start remodel of existing hospital main entrance
- Start installing underground utilities along Lincoln Boulevard
- Start installing fuel storage tanks on north side of hospital campus
- Start installing underground utilities on south side of hospital campus for future central power plant

Phase 2: December

- Continue work on fuel storage tanks on north side of hospital campus
- Continue work on underground utilities on south side of hospital campus for future central power plant
- Start demolition of existing hospital main entrance

Phase 3: December-January

- Continue installation of fuel storage tanks on north side of hospital campus
- Continue demolition of existing hospital main entrance
- Continue work on underground utilities on south side of hospital campus for future central plant

Work Hours

- Monday-Friday: 8 a.m.-5 p.m.

Good Neighbor Plan

Cedars-Sinai is committed to being a good neighbor. We will mitigate disruptions caused by construction as much as possible. Our Good Neighbor Plan includes the following:

- Project Safety Plan
- Clearly marked entrance/exits and parking
- Work hours within noise ordinance
- Flyers of upcoming work
- Access for pedestrians and vehicles
- Construction hotline
