

Connecting With Us Is Easy

Follow these four simple steps now to make sure you can connect quickly with us when healthcare needs arise.

- 1 Save your primary care physician's number in your phone.**
A Cedars-Sinai doctor is available 24/7 if you have a medical question or concern, even after our office closes. If you have kids, save their pediatrician's number too!
- 2 Save the addresses and phone numbers for urgent care in your phone.**
Cedars-Sinai offers after-hours urgent care for many common illnesses and injuries.
- 3 Activate your My CS-Link™ account.**
This will provide you with access to your personal health information at Cedars-Sinai and a way to routinely communicate online with your doctor's office.
- 4 Download the My CS-Link and Cedars-Sinai Connect apps.**
After you have activated your My CS-Link account from the website, download our app from your mobile provider's store (search "Cedars-Sinai My CS-Link").

While you're at it, download the Cedars-Sinai Connect app as well. Cedars-Sinai Connect provides you with 24/7 service to see a Cedars-Sinai provider from the comfort of your home.

Not sure where to go for Cedars-Sinai care?

Knowing the right place can save you money and time while avoiding unnecessary delays. To help you make the right choice when choosing a healthcare setting for your situation, use this chart to navigate Cedars-Sinai's numerous care options.

If you want to...

- Communicate with your doctor
- Schedule and request appointments
- Access test results
- Request prescription renewals
- View information on your care
- "Save My Spot" at urgent care
- Connect with your doctor for a video visit
- Access on-demand video visit with a provider
- Track your preventive health
- Schedule an appointment online

Use My CS-Link

Activate your account at MyCSLink.org:

- Select "New User Sign-Up"
- Enter your access code as it appears in your enrollment letter or email, or request one online
- Create your ID and password

Once you have an account, you can download the Cedars-Sinai My CS-Link app.

Online scheduling is available for **Adult Primary Care**, **Women's Health** and **Pediatric Primary Care**, with other specialties expected to be available soon.

For all your healthcare needs...

- Preventive care and wellness
- First line of support for illness or injury
- Disease management
- Access to specialized care

If your primary care physician is unavailable and your symptoms include...

- Cold or flu
- Cut/laceration with contained bleeding
- Diarrhea
- Ear infection
- Fever or chills
- Muscle pain
- Nausea and vomiting
- Respiratory infection
- Sore throat or cough
- Sprain
- Women's urinary tract infection

In this situation...

- Bleeding that won't stop
- Bone break
- Chest pain or stroke
- Fever in babies (under eight weeks)
- Major cut
- Ongoing vaginal bleeding if pregnant
- Seizure without existing condition
- Serious burn
- Serious injury to head, neck, spine or back
- Snakebite
- Sudden loss or change of vision
- Suicidal thoughts
- Vomiting or coughing up blood

Call Your Primary Care Physician (PCP)

Your PCP is your partner in managing your healthcare and may treat you online or over the phone, schedule an appointment to see you in person, coordinate care with a specialist, direct you to urgent care or suggest you go to the nearest emergency department. Your PCP's care team is available 24/7.

Use Cedars-Sinai Connect

- Download the Cedars-Sinai Connect app or Apple or Android users
- Provides on-demand, virtual visits with a healthcare provider by video chat for healthcare issues.
