Dear Dr. Berg:

The College of American Pathologists (CAP) is closely monitoring the coronavirus (COVID-19) situation as it relates to upcoming inspections. We understand that the outbreak is impacting your laboratory operations and our inspector's ability to travel. The health and safety of you and your staff along with that of our inspection teams is of utmost importance to us during this time of uncertainty. As such, we may need to delay CAP inspections beyond your anniversary date.

Cedars-Sinai Medical Center-Department of Pathology & Laboratory Medicine, in Los Angeles, CA under the direction of Anders Berg, MD, PhD is accredited by the CAP’s Laboratory Accreditation Program. Accreditation is a continual process and a laboratory will remain accredited until otherwise notified. Accreditation does not terminate on the reinspection due date of the CAP Accreditation certificate.

The CAP will make every effort to have your inspection completed within the expected inspection window. We will contact you if COVID-19 affects the timeframe for your inspection. If your organization has measures in place that will inhibit an inspection team’s access or you have any questions, please call 800-323-4040, option 1.

Sincerely,

Carmen Rea

The College of American Pathologists certifies that the laboratory named below

Cedars-Sinai Medical Center
Department of Pathology & Laboratory Medicine
Los Angeles, California
Anders H. Berg, MD, PhD

CAP Number: 2260701
AU-ID: 1187404
CLIA Number: 05D0541033

has met all applicable standards for accreditation and is hereby accredited by the College of American Pathologists’ Laboratory Accreditation Program. Reinspection should occur prior to March 14, 2021 to maintain accreditation.

Accreditation does not automatically survive a change in director, ownership, or location and assumes that all interim requirements are met.

Chair, Accreditation Committee

President, College of American Pathologists
