

DISASTER MANAGEMENT &
EMERGENCY PREPAREDNESS

Disaster Management and Emergency Preparedness (DMEP) Course

Dates: March 23, 2020 OR July 17, 2020 OR October 1, 2020

Time: 07:30 – 17:00

Location: Cedars Sinai Medical Center

The Cedars-Sinai Department of Surgery's Trauma Program is excited to offer DMEP, which is a 1-day course that is both didactic and interactive. It addresses core competencies as outlined by Disaster and Mass Casualty Management (DMEP©) of the American College of Surgeons Committee on Trauma (ACSCOT). Major topics that will be addressed include planning, triage, incident command, injury patterns and pathophysiology, and special populations considerations. Interactive group discussions will be based on illustrative scenarios. The course requires a pre-/post-test, which will be reviewed on site.

Course Objectives

- Understand the surgical problems, injury patterns, and issues that may result from disasters.
- Discuss the role that surgeons and other acute care providers can play in planning for and response to mass casualty incidents and disasters.
- Become familiar with the terms and concepts of incident command.
- Understand the principles and challenges of disaster triage.
- Know the civilian and military assets available for support.

Provider Course Fee: \$250.00 per student, to include all course material, continental breakfast, lunch, afternoon snacks, beverages, and parking validation.

Registration

Date Attending: March 23, 2020 July 17, 2020 October 1, 2020
